

X SHORE

This is X Shore

Purpose.

Become one with nature.

Enabling you to enjoy your passion for boating while being at one with nature.

Mission.

Providing a superior sustainable boating experience.

X Shore is a technology company focused on sustainability and reversing the pollution of our oceans.

Vision.

Zero emission boating.

We envision a future where fossil fuel boats are obsolete and new boats are produced with a zero carbon footprint.

Our pillars

Technology

X Shore is not a regular boating company.

We present the latest high-tech features that enables a smooth transition from land to sea, with all the comforts that contemporary life requires.

Sustainability

Design for a better tomorrow.

We strive to be sustainable in all our operations. From construction and design to production and materials. The same principles apply on how we want to be perceived as employer.

Design

Made to make a natural impression.

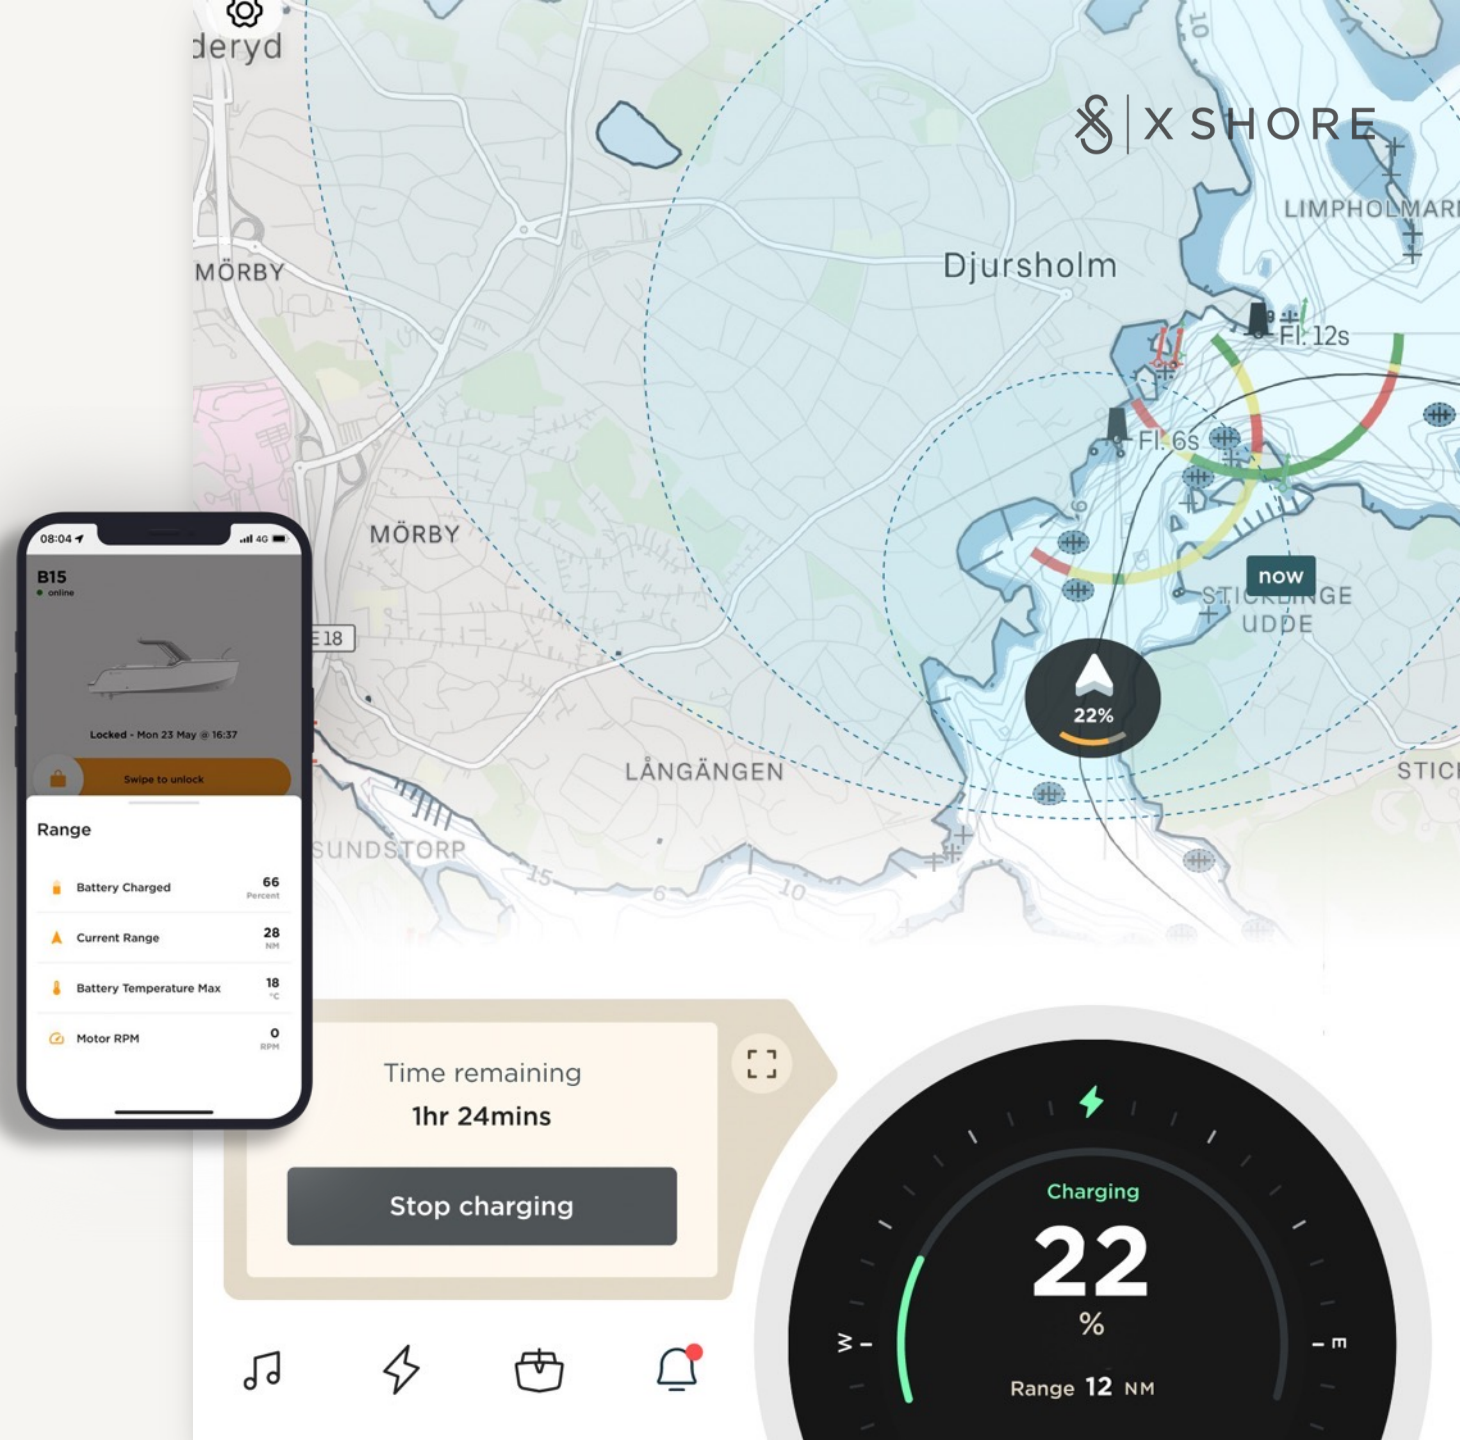

Inspired by the Swedish nature we design to blend in with our surrounding. And with the spirit of our Swedish legacy, our boats are not only aesthetic but functional.

Smart boating

X Shore is a truly modern boating experience. Everything is managed from a central touchscreen with our own designed software.

- App. much of the technology is connected to and handled by the X Shore app which also acts as a remote key.
- Anti theft. Always know your boat's exact location with the app that also lets you activate a geofence with alerts if your boat ever crosses it.
- Infotainment system. From the helm the driver and passengers can manage the X Shore infotainment system, including music, sound and lighting, energy and route planning, weather and notifications centre.

Design

*“Elegantly and beautifully visible
in a clear, minimalist design”*

German Design Award 2020

Our models

EELEX 8000

- Our flagship model
- 8 meter / 26 feet
- First-class technology
- Award winning design

X SHORE 1 (NEW)

- Setting a new standard for your boating experience.
- 6.5 meter / 21 feet
- Forward cabin allows for comfortable overnight stays.

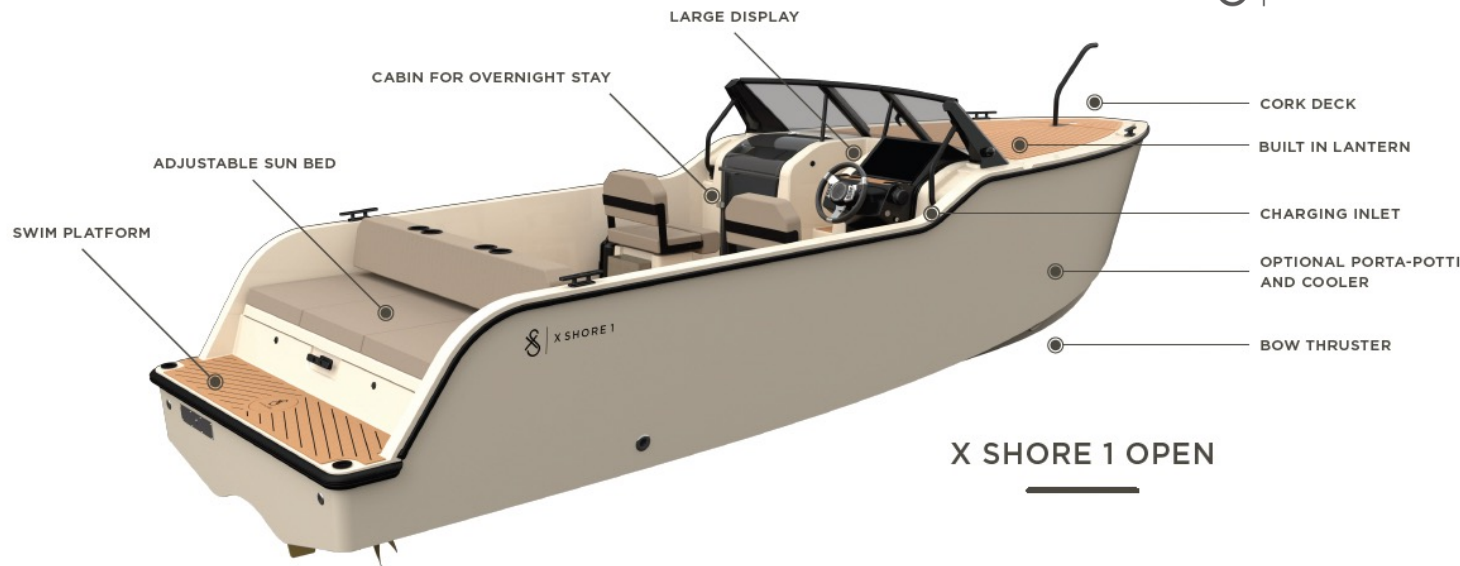

X SHORE 1

Specifications

- 100% electric
- Modular interior
- Top or Open model
- 50 NM range at lower speed
- Forward cabin for overnight stay

X SHORE 1 OPEN

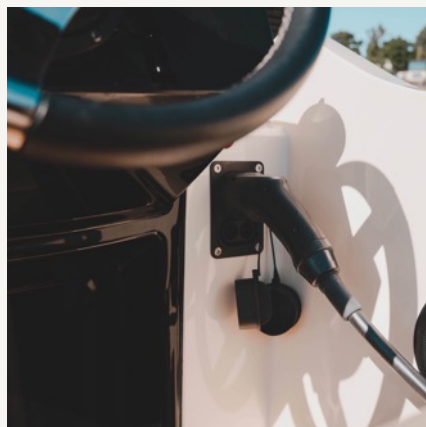

X SHORE 1 TOP

Price Open	Starts at €99,000 (excl. VAT)
Price Top	Starts at €109,000 (excl. VAT)
Length	6.5 m / 21 ft
Beam	2.2 m / 7.3 ft
Depth	0.65 m / 2.1 ft
Height	1.7 m / 5.4 ft
Weight	1.7 Ton
Electrical Motor	125 kW
Top Speed	30 Knots
Cruising Speed	20 Knots
Battery Capacity	63 kWh
Range	50 NM at lower speeds
Normal Charging	20-80% 1.5 hours (22 kW) / 4.6 hours (7.3 kW)
Fast Charging	20-80% 50 min (45 kW)
Display	Large touch screen
Available Colors	

Technology

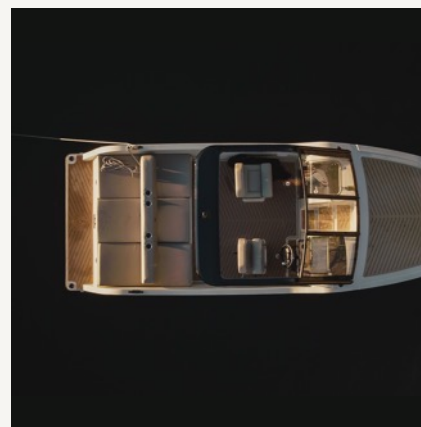

Batteries

- 63 kWh Lithium-ion battery
- ~ 3,000 cycles
- Replaceable

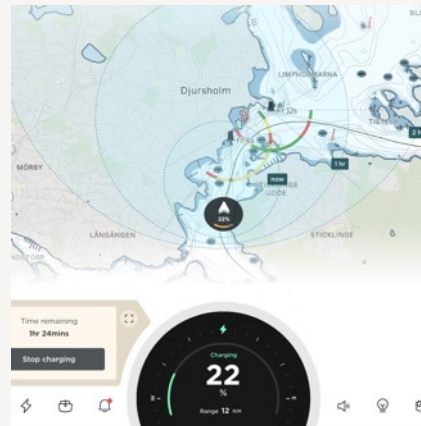

Electrical Motor

- High-performance
- 125 kW
- Top speed 30 knots
- Maintenance free

Arrangement

- Open transom with built-in swim platform
- Forward cabin for overnight stay
- Mesh rail furniture option with central passage
- Generous deck for sunbathing and leisure

Advanced software

- App integration
- Clock integration
- Real time data
- 2-way IoT Gateway

Charging and range
